KNOW BEFORE YOU GO

ABOUT THE PLACE

A Trail Between Two Worlds

Hampta Pass is a scenic high-altitude pass in Himachal Pradesh, connecting the lush Kullu Valley with the stark, dramatic landscapes of Lahaul. The trek rises to about 4,270 metres and is known for its rapid change in terrain – shifting from forests and meadows to cold desert mountains within a few hours of hiking.

Beginner Friendly, High-Altitude Ready

The trail is relatively gentle with a few challenging sections, making it suitable for beginners with basic fitness who are prepared for high-altitude conditions. The journey takes four to five days and includes beautiful campsites such as Chika, Balu ka Ghera, and Shea Goru.

Best Season & The Chandratal Extension

Trekkers usually undertake the route between mid-June and September, when the weather is stable and the pass is open. Along with river crossings and panoramic views, many travelers extend the trip to the nearby Chandratal Lake if road conditions allow.
